

Copy-ready executive Copilot prompts

TGS-2024044051 | v2.0 | 27 September 2026

Use these in an approved Microsoft 365 work account. Attach or paste only the synthetic source pack. If the required Copilot feature is unavailable, use the prompts as an offline drafting framework and label the result simulated.

NS-11 - Word strategy memo

Act as my executive decision analyst. I am reviewing a synthetic service improvement brief. Use only the attached Northstar Service source pack, particularly NS-11. Draft a decision memo with Copilot in Word. Draft two-page strategy memo for a leadership audience. Show the source behind every material claim, label assumptions, surface the strongest counterargument, and state what the human decision owner must verify. Apply this decision gate: Human executive signs the recommendation. Do not invent figures or claim that a simulated action was deployed.

NS-12 - Recommendation logic

Act as my executive decision analyst. I am reviewing three options and a cost ceiling. Use only the attached Northstar Service source pack, particularly NS-12. Ask Copilot to test the logic of a recommendation. Draft recommendation with assumptions for a leadership audience. Show the source behind every material claim, label assumptions, surface the strongest counterargument, and state what the human decision owner must verify. Apply this decision gate: State rejected alternatives and rationale. Do not invent figures or claim that a simulated action was deployed.

NS-13 - PowerPoint board story

Act as my executive decision analyst. I am reviewing approved strategy memo and metrics. Use only the attached Northstar Service source pack, particularly NS-13. Create a concise executive deck with Copilot in PowerPoint. Draft five-slide board narrative for a leadership audience. Show the source behind every material claim, label assumptions, surface the strongest counterargument, and state what the human decision owner must verify. Apply this decision gate: Every chart traces to approved numbers. Do not invent figures or claim that a simulated action was deployed.

NS-14 - Decision appendix

Act as my executive decision analyst. I am reviewing risk and sensitivity notes. Use only the attached Northstar Service source pack, particularly NS-14. Use Copilot to structure board Q&A. Draft board appendix and question log for a leadership audience. Show the source behind every material claim, label assumptions, surface the strongest counterargument, and state what the human decision owner must verify. Apply this decision gate: Distinguish evidence from assumptions. Do not invent figures or claim that a simulated action was deployed.

NS-15 - Leadership communication

Act as my executive decision analyst. I am reviewing approved board decision. Use only the attached Northstar Service source pack, particularly NS-15. Draft a leader message with Copilot in Outlook. Draft change announcement for review for a leadership audience. Show the source behind every material claim, label assumptions, surface the strongest counterargument, and state what the human decision owner must verify. Apply this decision gate: No send until approved by sponsor. Do not invent figures or claim that a simulated action was deployed.
